

Redistricting IL03 Congressional

M. Abby McEntee

to redistrictingcommittee

To the Redistricting Committee,

I plan to watch the redistricting meetings Wednesday, and while I cannot be there in person to testify I hope to make it clear via this email testimony that as a committed constituent of Illinois' 3rd congressional district I was greatly shocked by the proposed map presented last Friday. A map that takes the heart of our district- the proud Southwest side communities of Chicago and the Southwest suburbs of Cook County- and chops up our connected constituencies. For what reason? To silence our diverse group of voices? We are voicing our concerns now that we want our district to remain with its integrity and current community borders intact. I hope you'll address this on Wednesday and greatly appreciate the work you are doing for our state.

Respectfully,
Meghann McEntee
